JSR MINES & MINERALS

A UNIT OF TAYSHA STONES

Crafted by Nature. Delivered with Integrity.

Every remarkable space begins with an exceptional stone. At JSR Mines & Minerals, we source premium natural stone directly from carefully selected Indian quarries, combining geological heritage with modern processing and dependable global supply.

Every block is chosen with precision, every slab finished with care, and every shipment prepared to meet the expectations of architects, developers, distributors, and project owners around the world.

We believe that long-term partnerships are built on consistency, transparency, and uncompromising quality—not just competitive pricing.

Whether supplying luxury residences, hotels, commercial developments, or landmark architectural projects, our commitment remains the same:

To deliver natural stone that stands the test of time.

From India's Finest Quarries
to Projects Worldwide.

JSR MINES & MINERALS
A UNIT OF TAYSHA STONES

Built on Nature. Driven by Excellence.

From the heart of India's natural stone belts to projects across the globe, we combine the strength of our quarries with precision, people and purpose.

DIRECT FROM QUARRIES

Premium blocks handpicked directly from carefully selected quarries in India, ensuring authenticity and consistent supply.

PRECISION PROCESSING

Advanced machinery and skilled craftsmanship deliver superior cutting, calibration and finishing for exceptional quality and accuracy.

CUSTOM MANUFACTURING

We offer a wide range of thicknesses, sizes and finishes, customized to match the unique needs of every project.

GLOBAL EXPORT

Strong logistics network, secure packaging and timely shipments to deliver trust and value across global markets.
